CONTENTS

No. 1—September

PAGE

GREIG, N., M. AYERS and P. K. JEFFERY. The effect of indomethacin on the response of bronchial epithelium to tobacco smoke 1

PARNHAM, M. J. The inflammatory response to lymph node cells from adjuvant-diseased rats: late changes in local and systemic leucocyte counts in the Wistar strain . . 11

VAN DEN BERG, W. B., A. C. M. TH. VAN MAARSSEVEEN, H. MULLINK and R. J. SCHEPER. Accumulation of T cells and local anti-PPD antibody production in lymphokine-mediated chronic peritoneal inflammation in the guinea pig . . 23

MCKERAN, R. O., G. SLAVIN, P. WARD, E. PAUL and W. G. P. MAIR. Hypothyroid myopathy. A clinical and pathological study 35

AVERBACK, P. Histopathology of acute cell loss in Huntington's chorea brain . . . 55

FOWLER, E. F., J. G. SIMPSON and A. W. THOMSON. Histological and ultrastructural changes following carrageenan injection in the mouse 63

BOYD, J. F. Immunohistochemical staining of the Dutcher-Fahey intranuclear inclusion body in a case of Waldenström's macroglobulinaemia 81

BOOKS RECEIVED 92

No. 2—October

YOSHIZAWA, H., J. P. O'BRIEN, W. THOMAS SMITH and M. TRUMPER. The neuropathology of intervertebral discs removed for low-back pain 95

CARR, I., J. CARR, J. A. TREW, A. LOBO and P. K. CHATTOPADHYAY. Lysozyme production by a granuloma in vivo: Output in blood and lymph in relation to ultrastructure and immunochemistry 105

KITTAS, C. and L. HENRY. Ultrastructural effects of sex hormones and infection on lymph node post-capillary venules 121

TEN HAVE, H. A. M. J. and F. EULDERINK. Degenerative changes in the cervical spine and their relationship to its mobility 133

BARRIE, H. J. Hypertrophy and Laminar calcification of cartilage in loose bodies as probable evidence of an ossification abnormality 161

O'CONNOR, P., C. BLAND and D. L. GARDNER. Fine structure of artificial splits in femoral condylar cartilage of the rat: A scanning electron microscopic study . 169

ARAUJO, V. C., N. S. ARAUJO and M. MARIANO. Altered vascular permeability in the dental pulp of traumatised rat teeth 181

PAGE

No. 3—November

MOSTAFA, L. K., D. B. JONES and D. H. WRIGHT. Mechanism of the induction of angiogenesis by human neoplastic lymphoid tissue: studies on the chorioallantoic membrane (CAM) of the chick embryo 191

MOSTAFA, L. K., D. B. JONES and D. H. WRIGHT. Mechanism of the induction of angiogenesis by human neoplastic lymphoid tissue: studies employing bovine aortic endothelial cells *in vitro* 207

BIRD, R. G. and M. D. SMITH. Cryptosporidiosis in man: parasite life cycle and fine structural pathology 217

ROY, S., R. BHATIA and N. R. NANDA. Primary rhabdomyosarcoma of the cerebellum . 235

BOWERS, R. R., F. HOUSTON, R. CLINTON, M. LEWIS and R. BALLARD. A histological study of the carrageenan-induced granuloma in the rat lung 243

CHAMBERS, T. J. Diphosphonates inhibit bone resorption by macrophages *in vitro* . . 255

WHITAKER, D., J. M. PAPADIMITRIOU and M. N.-I. WALTERS. The mesothelium: techniques for investigating the origin, nature and behaviour of mesothelial cells . 263

WHITAKER, D., J. M. PAPADIMITRIOU and M. N.-I. WALTERS. The mesothelium: a histochemical study of resting mesothelial cells 273

No. 4—December

CARR, J., I. CARR, B. DREHER and K. BETTS. Lymphatic metastasis: Invasion of lymphatic vessels and efflux of tumour cells in the afferent popliteal lymph as seen in the Walker rat carcinoma 287

HASLETON, P. S. and H. H. ALI. The parathyroid in chronic renal failure—a light and electron microscopical study 307

GROUNDS, M., T. A. PARTRIDGE and J. C. SLOPER. The contribution of exogenous cells to regenerating skeletal muscle: an isoenzyme study of muscle allografts in mice 325

LIVNI, N., A. LAUFER and Y. LEVO. Demonstration of amyloid in murine and human secondary amyloidosis by the immunoperoxidase technique 343

SYNOPSES OF PAPERS given at Pathological Society meeting on 9–11 July 1980 . . 349
